Meet the team! This year the team have been working tirelessly to put together our very first Panto. This has been a difficult challenge, with no prior experience of putting together a production in this manner. With Clare heading the team and Courtney and James bringing the energy we are extremely excited about today's and future productions. Choreography, script writing and production all planned from scratch deserves a huge congratulations. A big thank you also goes out to our Creative Arts team who have worked tirelessly to complete our stage props and costumes.

A massive thank you from the management team here at Fenlake for the continued hard work and dedication!
